

WANT TO GO PRO? TAKE THE PLUNGE...

DIVEMASTER!!

A divemaster holds an important position; he/she leads dives, assists in scuba training and actually teaches some courses. To be successful, a divemaster must have top-notch skills, lots of experience, and all the training necessary to be confident in any situation he/she might encounter.

To achieve this, Waterline:

- works with each DM candidate on a private or semi-private basis to cover the academic training.
- provides lots of practical experience in all areas by working extensively with our instructional staff.

Waterline's program takes a little more time, but the results are worth it! You'll get all the training and experience you need, and have a great time at the same time.

*Note: Pool surcharge of \$30 may apply.
