SEARCH AND RECOVERY DIVER

UNDERWATER NATURALIST

U/W VIDEOGRAPHER

WRECK DIVER

We pride ourselves on keeping class sizes small, often working on a semi-private basis in the classroom and on our open water dives. We also have opportunities for you to join one of our Waterline Trips to warm southern destinations and get certified down there!

At Waterline, we make it easy for you to get your certification done. We have recreational weekends scheduled throughout the summer, so you can have a weekend getaway, do some great Ontario diving, and get your specialty certification done all at the same time! Please see our recreational diving schedule for details on our summer trips.

For Tech courses, see our tech flier.

INCLUDES:

Course materials
Air fills
Classroom sessions
Pool sessions (for those courses that need it)

PRICE:

Varies depending on the course, please ask one of our staff for details.

The Waterline Way... *CONFIDENCE UNDERWATER*
